# INTRODUCTION

This book provides all the key words and phrases you are likely to need in everyday situations. It is grouped into themes, and key phrases are broken down into short sections, to help you build a wide variety of sentences. A lot of the vocabulary is illustrated to make it easy to remember, and "You may hear" boxes feature questions you are likely to hear. At the back of the book there is a menu guide, listing about 500 food terms, and a 2,000-word two-way dictionary. Numbers and the most useful phrases are listed on the jacket flaps for quick reference.

**Nouns**

All Italian nouns (words for things, people, and ideas) are masculine or feminine. The gender of singular nouns is usually shown by the word for "the": **il** or **lo** (masculine) and **la** (feminine). They change to **l'** before vowels. The plural forms are **i** or **gli** (masculine) and **le** (feminine).

**Adjectives**

Most Italian adjectives change endings according to whether they describe a masculine or feminine, singular or plural word. In this book the singular masculine form is shown, followed by the alternative feminine ending:

I'm lost **Mi sono perso/a**

**"You"**

There are two ways of saying "you" in Italian: **lei** (polite) and **tu** (familiar). In this book we have used **lei** throughout, as that is what you normally use with people you don't know.

**Verbs**

Verbs change according to whether they are in the singular or plural. In phrases where this happens, the singular form of the verb is followed by the plural form:

Where is/are…? **Dov'è/Dove sono…?**

## Pronunciation guide

Below each Italian word or phrase in this book, you will find a pronunciation guide in italics. # ESSENTIALS

In this section, you will find the essential words and useful phrases you need for basic everyday talk and situations. Be aware of cultural differences when you're addressing Italian people, and also remember that they tend to be somewhat formal when they are greeting each other, using *signore* (for men), *signora* (for women), and *signorina* (for girls and younger women). These titles are also used with last names.

# GETTING AROUND

Italy has an excellent road and highway system if you are traveling around the country by car, although you have to pay a toll (*un pedaggio*) to use the fast highways (*autostrade*). Italian trains, linking the main towns and cities, are fast, punctual, and surprisingly inexpensive. In large cities you can get around by taxi, bus, or tram. In Milan there is also the subway (*metropolitana*).

# EATING OUT

It is not difficult to eat well and inexpensively in Italy. You can choose from cafés and bars, which serve a variety of drinks, snacks, and light meals, *osterie* and *trattorie* (small family-run restaurants that serve local and traditional dishes) and *pizzerie* (for pizzas and pasta). If you want a gastronomic meal in more formal surroundings, you can eat at more expensive *ristorante* but you may have to book in advance at the popular ones.

# PLACES TO STAY

Italy has a wide range of places to stay, depending on your personal preference and budget. These range from elegant hotels in former *palazzi* to smaller *alberghi*, *locande* (one-star hotels), and family-run *pensioni*. If you want the option to cook for yourself, however, you can choose to rent a seaside apartment or a country villa, or find a campsite to park your camper or put up your tent.

# SHOPPING

In addition to shopping malls, supermarkets, and specialty stores, Italy has many picturesque open-air markets in town squares and on main streets where you can buy food, clothes, and even antiques relatively cheaply. Most stores are open between 8:30 a.m. and 12:30 p.m., and 3:30 p.m. to 7:30 p.m. from Tuesday to Saturday. However, many stores and groceries are closed on Monday mornings or all day Mondays.

# SIGHTSEEING

Most Italian cities and towns have a tourist information office, which is usually situated near the railroad station or town hall. The staff will advise you on local places of interest to visit.
In Italy, most national museums close on Mondays as well as on public holidays, so make sure that you check the opening times before visiting.
